Bonanza Creek Gold Mining Company, Ltd.	Organized under the laws of the Province of Ontario, Canada and had an office at 29 Broadway, New York City in 1907. Funded Debt $250,000—6% bonds. The office was continued at 29 Broadway through 1909, but disappeared in 1910. No further trace could be found of the company or its officers. We made a complete search of our mining books back to 1907 and found no record of this company's operations. It was reported shortly after 1910 that the property proved a disappointment and the bondholders realized nothing. Therefore, it is reasonable to assume that the stock is without value.

Boone Consolidated Oil Corporation.	Incorporated in Delaware, February, 1923 as a reorganization of the Boone Oil Company, Inc. The corporation was reported to have had leases in Louisiana, Kentucky, Texas, Missouri and Columbia, S. A. In 1923 the corporation was reported having an office at 149 Broadway, New York City. The corporation became inoperative and void on March 16, 1927 and was proclaimed by the Governor on January 20, 1928. There was no distribution of assets to stockholders, as the company never owned any property. The funds received from stock sales were used in drilling for oil they never found. When they exhausted their funds, the company went out of business. The stock has never had any value since incorporation, and has never had any market. Stock was offered at three cents per share in 1925 with no bids. It is our opinion that the stock had only a nominal value in 1923 (based on expectations of finding oil), and no value at any time after 1923.

Boston & Arizona Smelting Company.	Company had an office at Worcester, Massachusetts. Letters were returned unclaimed from former works office, Benson, Cochise County, Arizona. Organized 1907 under laws of Nevada as successor to Southwestern Smelting & Refining Company, which succeeded the Empire Smelting Company. The company had a $50,000 bond issue, at 6% due 1913, and also a Series "B" bond issue of $100,000. Lands, 60 acres on the main line of the Southern Pacific. Record 1912—owned a small smelting plant, never operated and of slight value. The Nevada charter was forfeited in 1924 for non-payment of

taxes. At last reports property was in the hands of the bondholders, who for lack of funds probably abandoned the land. We failed to find a record that the bonds ever had a value. In 1915 the bonds were reported as worthless. Therefore, we do not believe either class of bonds have any value.

Boston Development Company Ltd.	Incorporated in Ontario and has not filed any returns since Dec. 31, 1913. It would appear that the company has been inactive for a number of years. The Survey of Mines for 1933 does not list this company as a going concern. Therefore it is our opinion that the company is out of existence and that the shares are without value.

Boyle Mountain Mining & Development Co., Ltd. This company was incorporated under the laws of Idaho, November 3, 1903, with a capitalization of $100,000 and the principal place of business was located at Hailey, Idaho. The company permitted its charter to be forfeited December 1, 1912, which forfeiture still remains in effect. Evidently the property proved worthless and all of the funds had been exhausted in developing the property. H. A. Walter, F. H. Parsons, Thomas Brennan and W. A. Brodhead, all of Hailey, Idaho, were the incorporators. We have not found any record that the stock ever had a value, and in view of the above we believe the shares are worthless.

Braided Thread Corporation. Incorporated December 12, 1922, is no longer in existence, having become inoperative and void April 1, 1928 and proclaimed by the Governor January, 1929 for non-payment of taxes. This corporation was in existence with offices at 1133 Broadway, New York City. We are advised that this corporation went into bankruptcy several years ago. After affairs were straightened out no funds remained for the stockholders. Accordingly we believe the stock without value at the present time.

Brand's Restaurant Control Corporation. Incorporated—Delaware, October 18, 1919. Business—Company's product is a machine for accounting in restaurants, stores, etc. We understand that stock in this company was sold to persons directly interested in the restaurant business while business was in the formative period. Office (1912)—84 River Street, c/o Second Bank & Trust Company, Hoboken, N. J.; also the United States Corporation Company, Dover, Del. Officers—Pres., H. Russel Brand, 225 W. 34th St., N. Y. C.; Treasurer, Chas. Lipkin, New York City; Secretary, Willis B. Rice, New York City. The President of the company advises us that all stockholders are aware of the fact that they can get all the information desired by personally calling on him; he always keeps in very close touch with the stockholders of the company. We therefore suggest that you have the stockholder communicate directly with Mr. H. Russel Brand for the information he desires. We called Mr. Brand's office at 225 W. 34th Street and they refused to give us any information, but would give it to a stockholder or an executor. As far as we know there is no market for the stock.

Brazil Land Cattle & Packing Company. Binder, Hamlyn & Company informed us as registrars of the above company, that the common shares are dealt in on the London market, and the approximate market price of the shares at the present time is $.25 per $5 share. According to the Profit and Loss Account for year ended December 31, 1929, their expenses equal the income allowing for interest on the debentures. The largest item in the expenses appears to be expenses in Brazil ($147,034.88). It looks like the salaries and expenses in Brazil equal the profits over and above the general expenses and debenture sinking fund and interest. If this situation keeps up the stockholders will never receive any dividends on their stock.

Bridgeport & Port Jefferson Steamboat Company. Company was organized in 1883 with a capital stock of $25,000.00 and another $25,000.00 was issued in 1898 at which time one of the present steamers was built. A 100% stock dividend was declared and paid in 1923 and another steamer purchased at that time. At present the company owns both vessels and wharfage facilities at each terminal. They have paid a 10% dividend for a number of years and have accumulated a small surplus for the replacement of the steamers which have, of course, greatly depreciated.

British-American Cobalt Mines, Ltd. Reported to have been incorporated under the laws of the Province about 1909. The Dept. of Mines of Ontario reported at that time that they had no record of this company. The mining records for that year do not mention this company. It was probably a stock selling scheme, for we have found no evidence that the shares ever had a value. It is our opinion that the shares are worthless.

British American Consolidated Properties Limited.	Ore. 1933.	
British American Copper Mines & Smelter Company. Organized in British Columbia on August 15, 1906, with a capital stock of $5,000,000 par $1.00. Company was promoted by Burr Bros., Inc. (See Marvyn Scudder Manual, Volume II). This company has been idle for many years and its charter was revoked by Final Decree of the Arizona Corporation Commission for failure to pay annual registration and report filing fees on May 18, 1926. The capital stock is of no value.

Broadway Central Bank (N.Y.). Incorporated in New York and was purchased by the Central Mercantile Bank & Trust Co. in January, 1927. The Central Mercantile Bank & Trust Co. merged with the Bank of U. S. in 1928. On Dec. 11, 1930 the Bank of U. S. was closed and the stockholders were assessed $25 per share on Sept. 8, 1931. The Bank of U. S. shares were quoted until Sept. of 1931 and were reported worthless thereafter. Therefore, we believe the shares of the Broadway Central Bank were deductible as a loss for the year 1931.

Bronx Exposition, Inc.	In 1919 this company had an office at 1475 Broadway, New York City, and its financial affairs were taken care of by Clarence J. Hand, an attorney at 50 Broad Street, New York City. Mr. Hand sent us a balance sheet in 1920 and stated that the company was formed in 1917 and had not operated at a profit. The balance sheet showed outstanding bonds of about $500,000. on which interest was defaulted. Shortly after that the company went into bankruptcy. The property was probably sold for taxes for the bondholders received nothing that we know of. On Dec. 5, 1928, ten bonds were sold at auction for $1. the lot. Mr. Hand informed us that there was no distribution to security holders. On Dec. 15, 1927, 200 shares of the capital stock was sold at auction for $1 the lot. In view of the above, we submit the bonds and stock as valueless.

Bronxville Improvement Corporation.	Incorporated—February 17, 1926, in New York, and was reported that the company was in the real estate business with an office at 2 West 45th Street in 1927. Directors—Belle Neuwirth, Minnie Odos, B. D. Vinegrad. We have made a thorough search for the above directors, and the company, but could find no trace after 1927 nor any evidence that the stock of this corporation ever had a value. We believe these shares are worthless and submit them as such.

Brookland Mining Company. Incorporated Utah. This company had an office at Provo, Utah, until about 1909, but after that time we find no trace of the company and believe it went out of existence. On April 6, 1911 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Brookline Real Estate Trust. Operated as a voluntary trust under the laws of Massachusetts about 1897. We are unable to find any trace of this company for a great many years and believe it out of existence. Letters addressed to the persons connected with the company have been returned and marked either "unclaimed" or "deceased." In view of the above we believe the securities of this Trust without value at the present time.

Brooklyn Factory & Power Company, Ltd. Company was organized in 1890 and at last reports the authorized capital stock consisted of $75,000 Preferred and $75,000 Common of which there was issued $73,000 Preferred and $67,500 Common. Dividends at the rate of 8% per annum were paid on the Preferred from 1906 to 1909 inclusive, 5% per annum during 1910 to 1913 inclusive and 3% each in 1914 and 1915. On the Common stock 6% per annum

was paid from 1906 to 1909 inclusive and none from 1913 to 1915. Address—71 Clymer Street, Brooklyn, New York. The present situation is that the company owns certain old buildings in Brooklyn, N. Y., and supplies power to certain small manufacturing concerns. However, due to the high price of coal and necessary improvements made to the company's buildings, the results from operations have not been profitable for some years. There is no public market for the stock and we do not know of anyone who might be interested in the purchase of shares. At a private sale last year five shares of the Common stock sold for $25. Owing to the large amount of vacant space the company has been obliged to carry from time to time, together with the high cost of operating the plant, the earnings of the company have not warranted the payment of dividends for a number of years.

Brooklyn Jockey Club. Club formerly owned and operated Gravesend Race Track and club house, etc., and for many years paid large dividends. At last reports, it was endeavoring to sell the property as building lots. On December 19, 1925 there was sold at auction 4¼ shares at $205 each and on December 21, 1925 there was a bid of $175 for this stock: Hanson & Hanson, 25 Broadway, New York City, brokers, have dealt in this stock from time to time, which is apparently of considerable value and we feel that these brokers are in a position to sell these shares, if you so desire.

Brotherhood Investment Company. This company is located in the Standard Bank Bldg., Cleveland, Ohio. J. A. Hoy, receiver, informed us that "this company was placed in the hands of receivers in December of 1931. The assets are of such a nature that it is impossible for us at this time to make any appraisal, but, apparently, there will not be sufficient funds to liquidate the claims of the creditors against the company." Therefore, in view of the above, we do not attach any value to the stock at this time.

Brown Wire Gun Company. Incorporated in Maine in 1903 and was reported as having an office at 5 Beekman Street, New York City in 1907. John W. Brown, President; Franklin Vreeland, Secretary; Winfield P. Porter, Treasurer. The company had a patent on a new kind of gun, but according to our records nothing ever materialized. The company was reported out of business the latter part of 1907, and the shares worthless. It is our opinion that the shares are without value.

Buck Hill Nature Club. The Buck Hill Nature Club was an organization formed a good many years ago by the summer residents of Buck Hill Falls to foster a Nature Club. Shares to a total of about $900 were sold. The money was used in the purchase of equipment and towards the operating expenses for the first year of the club. It has never held any real property and the club is now out of existence and its shares worthless.

Buckeye Copper Co., Inc. Incorporated Nov. 17, 1922 in Delaware and was located at 15 Prospect Ave., Brockton, Mass., in care of James F. Buckley. This company apparently made an honest effort to develop the property, but was hampered by limited funds, and went out of business. There is no market for the stock and found that 320 shares were sold at auction on Oct. 28, 1931 at $16 the lot. The company became defunct and inoperative in January of 1932. It is our opinion that the shares are without value.

Buffalo Consolidated Gold Mining Company, Ltd. Incorporated under the laws of Ontario 1899. The last report filed by this company was in December, 1902, at which time the following were the officers: Pres., Solomon Rosemau, 72 No. Pearl St., Buffalo, N. Y.; Sec., Wm. C. Paul, 78 White Bldg., Buffalo, N. Y.; Treas., P. H. Schabacker, 78 Seneca St., Buffalo, N. Y. Address of company: Niagara Falls, Ontario. We are unable to find any trace of the company since 1902 and believe it went out of existence about that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Buffalo Creek Coal & Coke Company. Organized under the laws of Georgia and in December, 1924, offered for sale at 97¼ through Reilly Brock & Co., of Philadelphia, Penn., $500,000 First 6% Notes due Aug. 1, 1927. Interest Feb. and Aug. 1. Trustee, Pennsylvania Company for Insurance on Lives & Granting Annuities. In January, 1925, these Notes were quoted at 97½ Asked and all during 1926 at 98 Bid, 101¼ Asked. The Preferred stock is now quoted at 12 Bid, 16 Asked, by H. D. Knox of New York City and the Common was quoted at 1 Bid none offered in July, 1927. Herbert E. Jones is given as the president and the company is located at Amherstdale, W. Va. Company is apparently a rather close corporation that does not make a practice of giving out information as to its financial condition. Reilly, Brock & Company of Phila-

Buffalo Cremation Company. The above company was organized in 1886 with paid capital of $15,000 common stock, par value of $25 per share. The officers are: Dr. Chas. Cary, Pres.; J. C. Evans, Vice-Pres.; G. S. Metcalf, Secy. Their purpose was to supply this section of the country with a crematory at a time when there were only two of them in the United States and it was financed by the above group with their own money and that of other friends, most of whom were physicians. The company apparently was not organized for profit and has never been commercialized. The amount of business done each year by the company is sufficient to maintain the property and buildings and a slight surplus for replacement of equipment as needed. The only employee on a salary is the superintendent on the property, who does all the manual labor. Mr. Metcalf acts as manager without any salary. There is only one record of a stock transfer, which took place after the death of one of the owners. Mr. Metcalf paid his widow $25 per share for the stock he had held. The institution still functions and the property is well kept up. Inasmuch as this was more or less an idealistic venture, there is no market for the stock, excepting among those who advocate crematories and are desirous of having facilities here.

Buffalo Oil & Refining Corp. Incorporated under the laws of Delaware and was merged with the Hoffman Oil & Refining Corp. in certificate of Agreement of Merger and Consolidation filed Sept. 13, 1918. The company is no longer in existence having become inoperative and void March 19, 1924. The company was formerly located in the Turnbold Bldg., Houston, Texas. H. H. Hoffman, President. This company went into receivers hands about 1920 and its property, buildings and leases, were purchased by the Turnbow Oil Corp. at a receivers sale. The Turnbow Oil Corporation was absorbed by Great Lakes Western Refining Company, Book Bldg., Detroit, Michigan, in 1925. It is our opinion that the shares of the Buffalo Oil & Refining Corp. are without value.

Building Materials Corporation. Mr. T. C. McAdams, formerly Vice-President of the above company, who is located at 60 East 42nd Street, New York City, informed us that the entire property back of the bonds was sold under foreclosure two years ago, subject to underlying liens, and was bid in at a price less than sufficient to settle legal fees and expenses. Under these circumstances there was nothing distributable to the holders of such bonds and they have no value.

Bull Frog Turp Mining Company.	Incorporated S. D., 1906. Par value, $1. We have been unable to find any trace of this company for many years and believe it went out of existence a long time ago. In 1926 its charter expired by limitation and to date has not been reinstated. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.	
Bull Frog Venture Mining Co.		1
Bull Frog West Extension Mining Company.	Incorporated Sept. 23, 1905. We have been unable to find any trace of this company for a great many years and believe it has been out of existence for a long time. The last quotations of the stock, of which we have record, occurred on May 9, 1924, when 2,000 shares were offered at .01 with no bid received. We find no quotes since that time. We believe the stock valueless at the present time.

Bullfrog Goldfield Railroad Company.	Incorporated Nevada. Par $100. In 1927, we understand, that the I. S. C. Commission authorized this company to abandon its road from Goldfield to Realty a distance of about 78.95 miles in Esmeralda and Nye counties, Nevada. We do not find that the company has resumed operation up to the present time. On Dec. 12, 1925, we find that 245 shares of this stock sold at auction for $5 the lot. In view of the above we believe that the stock of this company had no more than a nominal, if any value, as of Jan. 1, 1929.

Bullington Motors.	This company was located at Kansas City, Mo., in 1921 and as far as we have been able to ascertain, is out of existence. Our correspondent at Kansas City searched the City Directories back for many years and found no trace of the company. We searched our Thomas Register for 1923, listing all industrial companies in the country, and found no mention of the company. We searched our stock records back to 1921 and found no evidence that the shares ever had a value. It is our opinion that the shares are worthless.	
Bullion Bar Mining Company.	Incorporated Wyoming 1902. We have been unable to find any trace of this company for a long time and believe it went out of existence many years ago. On July 19, 1927 its charter was revoked on account of failure to file annual reports. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Bureau of Automotive Standards, Inc.	Incorporated in New York and was located at 250 West 57th Street, New York City, in 1926. Max Chernofsky, C. P. A. and lawyer, located at 240 W. 35th Street, New York City, informed us that he was only on directorate for a short time when he formed the company. Other than acting as attorney he knows nothing of the company. We sent an investigator to 250 W. 57th Street and this company only had desk room there in 1925, but nothing was heard of it since then. It is our opinion that the company is out of existence and the stock worthless.

Burlington Lafayette & Western Railway Co.	Incorporated—Indiana, December 4, 1883. We have been unable to find any trace of this railway for a great many years and believe it has been out of existence for some time. Neither the records of the Indiana Railroad Commission, established in 1905, now the records of the Public Service Commission, established in 1913, contain any reference to the company. As far as we can ascertain there is absolutely no market for the stock, which we believe valueless at the present time.

Business Credit Corporation. This corporation is now located at the Military Park Building, Newark, N. J. We are advised that this corporation has not at any time made a market for these shares, but are being offered by the corporation at $70 per share. If these shares were offered for sale we do not think they would bring more than 50% of what they are being offered by the corporation. We, therefore, believe that $35 per share would be a fair value of this stock as of April 30, 1930.

Butler & Lawrence Coal, Iron & Oil Company. Incorporated—Ohio about 1872. We have searched our own files and many other sources of information available to us but can find no record of this company for a great many years. The Secretary of State of Ohio advised that he has no record of such a company having been incorporated in that State. We believe the company went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Butte & Anaconda Copper Mining Company. Organized June 6, 1906, under the laws of Montana with a capitalization of $1,000,000; shares $1.00 par. The property of the company consisted of 20 claims north of the Butte and Bacorn, showing mineralized ledges. The main office of the company in 1908 was located at Butte, Montana. In 1911 letters were returned unclaimed from former office and mine, Butte, Silver Bow County, Montana. The property had been idle since 1908 and was reported moribund in 1911. In view of the above we submit the shares as worthless as of February 15, 1932.

Butte Exemption Copper Company, Incorporated under the laws of the State of Maine on May 20, 1906 and had an office at Spokane, Wash. The property of the company consisted of lands east of the Bulluhacker and a tunnel on the exemption claim and showed a small vein with ore assaying 5% copper. The company filed its last return in 1911 and was excused December 25, 1911, having ceased to transact business. The mine proved unprofitable and was reported dead the same year. We submit the shares as worthless.

Butte & London Copper Development Company. Company was organized under the laws of Arizona in January, 1906, as the Butte & London Copper Company and title subsequently changed as above. Capital stock authorized $5,000,000, outstanding $961,600, par $5 a share. On December 24, 1912, company agreed to accept a contract with Thomas F. Cole, for the transfer of all its property, to a new company—The Greendale Exploration Company—with capital stock of $200,000 to be organized by him. Terms of contract provided that in consideration of sinking the shaft to 1600 feet level running crosscuts north and south, 2500 feet the entire width of the property and other development work Mr. Cole was to receive 51% of the Greendale Exploration Company capital stock—only half to be paid as work progressed, the remaining in escrow until the work was finished. In completion of this contract, we understand $300,000 was spent and failing to find shipping ore in commercial quantities, the property was closed down—most of the equipment sold and no work has been done on the property since. At one time the stock was listed on the Boston Curb where it was quoted in 1923 at 14 cents high, 2 cents low. In October, 1925, brokers quoted 1 cent bid, 5 cents asked and on January 2, 1926, 300 shares sold at auction in New York City at $1.00 the lot.

Butterworth Judson Corp. Incorporated in New York. This company manufactured chemicals during the war and after the Armistice it was decided to turn the plant into a peace time company. This required quite a lot of money and very few of those interested were willing to forward the money, and as a result the company was placed in the hands of a receiver. We are advised by Mr. W. A. Bradford, 14 Wall St., New York that when the affairs of the company were wound up nothing was left for the stockholders.

Buttes Copper Company. Incorporated in Arizona, and has an office at 120 Broadway, New York City, and Tucson, Arizona. There is no market for the stock, and the same conditions exist in this company as is occuring with many other propositions of this type. They have excellent properties but have had a great deal of trouble and upsets trying to finance the development of the property. Thomas J. Broidrick of 129 Broadway, informed us that the property was foreclosed, and is now in the hands of Coleman F. Madden. It is quite possible that if conditions improve Mr. Madden will start operating the property under a new name and at the same time may take care of the stockholders of the old Buttes Copper Company. In view of the above we submit only a nominal value of the stock.

Buttes Copper Company. Incorporated—Arizona. Address—Tucson, Ariozna. We are advised that the company has made very little progress in the past few months. There is no market for its stock and in general the situation at Buttes is about the same as with many other propositions of the same type. They have excellent properties but have had a great deal of trouble and upsets trying to finance the development of the property. Also have two or three propositions in view and eventually hope to be able to work out a satisfactory solution, provided of course business increases and there is an advance in the price of metal (1930).

Caddo Oil Company. Incorporated in Texas July 7, 1905, but forfeited the right fo do business July 2, 1906 for failure to pay taxes. The incorporators were:—J. M. Cook and E. W. Jones of Frankston, Texas; D. R. Murchison, Athens, Texas. We are advised by banks in that district that they have not heard of this company for more than 20 years. There has been no market for the stock for many years and in view of the above we believe it valueless at the present time.

Cadillac Development Corporation.	Incorporated — Florida, March 3, 1925. Officers according to original charter—John P. Grace, President & Treasurer, Charleston, S. C.; James Sottile, Vice-President, Charleston, S. C.; John I. Cosgrove, Secretary, Charleston, S. C. We have communicated with Mr. Cosgrove who advises that he has not been connected with the company since 1926 and is unable to give any opinion as to the status of the company. Mr. Cosgrove holds some of the stock and considers it worthless. In view of the above we believe the stock has only a nominal, if any, value at the present time.

Cadillac Oil Company.	Incorporated in Arizona Mar. 10, 1902 and since that time has failed to file annual reports or pay fees. Accordingly we are unable to find any trace of the company for a great many years. On March 22, 1927 it was declared legally dead by the Secretary of State of Arizona. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Calavada Copper Company. This company was reorganized in 1926 for the purpose of raising funds to complete certain development work to determine whether the property could be developed into a commercial proposition or not. The money was expended in carrying the workings down to signs of water, where it was hoped to find a redeposit of the leached vein material. When this point was reached, no values were found, so the proposition was abandoned.

California	Copper Company. Incorporated in West Virginia and had an office at 31 Nassau Street, New York City, in 1906. Officers—Frank L. Underwood, President; Richard H. Eggleston, Secretary. This company was reported dead. Succeeded August, 1906, by California-Nevada Copper Company. The latter company had an office at 43 Exchange Place, New York City, in 1908. The California Copper Company had refractory ores that have proven difficult for economical reduction. The property proved a loss for the bondholders of the successor company, who realized nothing on their investment. Therefore, the stock of the California Copper Company is without value.

California Gas & Oil Co.	We are unable to find any record of a corporation with the above title being incorporated in California around 1910. We do find, however, that on February 9, 1912, a Maine corporation by the name "California Oil & Gas Co." qualified to do business in California, but forfeited its rights on March 3, 1928 for non-payment of taxes and to date has not been reinstated. Last reported address was 156 Montgomery St., San Francisco, Calif. We do not find any trace of the company at the present time and believe it out of existence and its stock worthless.

California Nevada Copper Company.	Incorporated, Maine, Aug. 11, 1906. In 1911 the property of the company was reported idle, for several years and letters at that time addressed to the mine office at Daulton, Madera County, Calif., were returned and marked "unclaimed." We believe the company has been out of existence for many years. On Dec. 12, 1925, $12,000 worth of bonds of this company sold at auction for $100 the lot. In view of the above we believe the stock and bonds of the company without value at the present time.

California Standard Gold Mines Corp. This company is located at 208 So. La Salle Street, Chicago, Ill. Some stock was offered by K. D. Johnson & Co. of New York in March of 1933 and as far as we have been able to ascertain the stock does not enjoy an active market. The last stock was sold some months ago at 40 cents per share. We believe 10 cents per share might be obtained at this time. The company as far as we know is still in the development stage and the future value of the stock is problematical.

Call Switch Syndicate. Organized in May, 1922, and shares of beneficial interest in this company were given to shareholders in the Call Switch Company, Inc. (which see). The President of the Board of Trustees was Ira A. Call and the Secretary was C. E. Kline. An office was reported to be at 1674 Broadway, New York City at one time. The company's physical assets were purchased by the Colorado Metals Corp. about October, 1918, and inquiry of the officials of this company disclose that they had nothing whatever to do with the securities of the subject company. There is no market for the securities as far as we can ascertain and do not believe the shares had more than a nominal, if any value as of July 20, 1931.

Camden Coal & Clay Company. Incorporated in Arkansas and according to the 1930 report is still in existence. We are advised that the capital stock of this company had little, if any, value as of January 27, 1925. The assets of the company consist entirely of cut-over lands near Camden, Arkansas, the value of which is low and the company's indebtedness is probably much in excess of the value of the land. We submit only a nominal value for the capital stock of this company as of January 27, 1925.

Canada Ouebec Mining Corporation, Ltd.	Incorporated April 27, 1928 under Dominion of Canada charter. According to last reports the company is located at 915 Transportation Building, Montreal, Quebec. A radiore survey of the company's claims at North Desmeloizes gave encouragement, but commercial ore was not found. The company's activity, at last reports, were confined to searching for promising prospects. As there is no market for the company's stock, the company apparently is still searching for prospects. Jos. Brochu, president, is located at 132 St. James Street, Montreal, Quebec, in care of William Brochu & Company. Letters addressed to Mr. Brochu were not answered nor returned. It is our opinion that the company is dormant and the value of the stock is nominal.

Canadian Northern Quebec Railway. Chartered July 24, 1906 and is located at Montreal, Quebec. The company is controlled by the Canadian National Railways. We were informed that the Statutory and Common Stock of the above Railway Company has no market value at the present time. No dividends have ever been paid on either stock and there is no likelihood whatever that any dividend will be paid. The advances made by the National Railways to the subject company for capital and other expenditures have been so great that the above statement about non-value of the Common Stock is in our opinion more than justified. The Canadian National Railway Company is not interested in making any offer for the shares.

Canandaigua Water Works Company. Value of General Mortgage 6% Bonds due 1904. This company started business in 1884. A suit was instituted against the water company in 1895 by Colby University to foreclose the First Mortgage dated January 26, 1884 given to secure an issue of $100,000 par value of bonds. The referee's report issued in connection with the suit found that $100,000 together with certain unpaid interest was due to the First Morgage bondholders, and $5,162.77 was due to the holders of Receivers Certificates. The property of the company was sold under foreclosure proceedings in the early part of 1901, but the proceeds from the sales were insufficient to meet the payment of the First Mortgage Bonds and Receivers Certificates with the result that the General Mortgage Bonds were cut off as to any payment. In view of the above we believe it reasonable to assume that the General Mortgage Bonds are without value.

Canario-Co-operative Syndicate. Incorporated—Delaware about 1926. We have searched our own files and many other sources of information available to us, but can find no record of the above syndicate. Furthermore the Secretary of State of Delaware advises that he has no record of a company bearing this title. It is our opinion that it is out of existence at the present time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Canario Copper Co. Incorporated in Delaware and was succeeded by the Amex Copper Co. The latter company was formerly located at 198 Broadway, N. Y. C. in care of K. E. Sine. The Amex Copper Company lost their property and has no assets. We understand that a new company was formed and the old stockholders could exchange their shares upon payment of an assessment. We have informed our clients that, in our opinion, it would not be advisable to make this exchange. The Amex shares have no equity and are therefore worthless. Therefore, we submit the shares of the Canario Copper Company as worthless as of March 4, 1933.

Candelaria Gold & Silver Mining Company. Earnest J. Birmingham of 232 W. 59th Street, New York City, is interested in the stock of the above company. We have a letter from him dated 1917, and he signed his name as Vice-President. He came to our office, the other day, and was anxious to get in touch with the holders of this stock.

Candelaria Mines Company. Incorporated in Nevada in 1918 with a capital of $3,000,000 issued 2,625,000 shares par $1.00. Office, 43 Exchange Place, N. Y. C. In 1924 this company reorganized and the name was changed to New Candelaria Mines Co. The predecessor company found itself in difficulties, was unable to make a profit and thus could not meet its obligations to the Rochester Silver Corp.; operations finally ceased on November 15, 1923. As Rochester preferred not to foreclose its mortgage, reorganization plans were at once begun, but after extended negotiations these failed and in July 1924

foreclosure proceedings were instituted. New Candelaria was then formed with some capitalization and property deeded to it by Rochester in exchange for 1,000,000 new company shares. Stockholders of Candelaria were given the opportunity of exchanging their stock for that of New Candelaria on a share for share basis plus a payment of 10 cents. This offer expired soon after. The shares are without value.

Caney Oil Mines Company. Organized in Montgomery County, Kansas. We are unable to find any trace of this company for a number of years and believe it out of existence. Furthermore the County Clerk at Montgomery advises us that he has no record of the company at the present time. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Carlisle Tire Corporation.	Incorporated — Delaware 1919. Capital—$3,000,000 8% Cum. Preferred Stock, par $25. 300,000 shares common stock, no par. The process under which the company manufactured tires was to be more economical than the ordinary method but the results were reported unsatisfactory. When the company failed its liabilities exceeded its assets. On January 26, 1926 the charter of this company was forfeited for non-payment of taxes. We also find that on December 1, 1923, 8 shares of common stock and 20 shares of preferred stock sold at auction for $1 the lot. We therefore believe these shares have no value.

Carroll Dunham Smith Pharmacal Company. This company is located at 317 East 34th Street, New York City. Mr. Carroll Dunham Smith, Jr., informed us that the First Preferred has a par value of $25 per share, and has paid dividends of 7% per year since organization. In our opinion the First Preferred Stock had a value of $17.50 per as of November 22, 1930. The Common Stock is of no par value, but for the past 25 years has paid a dividend of 25 cents per share. From the dividend rate, the Common Stock should be worth $2.50 per share and submit it as such as of November 22, 1930.

Central American Transit Company. Value of Capital Stock, Par $100. Incorporated in New York about 1865 for the purpose of doing business in connection with the proposed Nicaragua Canal. The success of this company depended entirely on a canal being constructed at Nicaragua. However, the selection of the site for the Panama Canal forced this company out of existence. The shares are without value.

Central City Co., Inc.	Incorporated New York, Oct. 27, 1920. Capital, $30,000. Officers in 1922: G. D. Cox, president and director; Geo. E. Quigley, secretary and Director; C. E. Heitman, director. Address: 392 Lafayette St., New York City. On Dec. 16, 1929 the charter of this company was dissolved by proclamation. We are advised by Mr. F. A. Hoffman of Appalachicola, Fla., that a price of $3.50 per acre for any holdings is what he considers a very good offer. Mr. Hoffman holds 240 acres which he will sell for $3.00 per acre to anyone, one-third cash, balance one and two years at 6%. Personally he would not offer $2.00 for the property per acre.

Central Consumers Company.	Incorporated in New Jersey, October 30, 1901, and was located at 15 Exchange Place, Jersey City, N. J. Agent, John J. Treacy, 1 Exchange Place, Jersey City, N. J. Mr. Treacy informed us that the company's place of business was at Louisville, Ky., and that a Mr. Frank Fair was head of the company. Its business related to the brewery business. Mr. Treacy also stated that he has not been the agent for the company for a number of years and believes it went out of existence about ten years ago. We have been unable to locate Mr. Fair at this time. We searched our stock records back over ten years and could find no evidence that the shares had any value. It is our opinion that the shares are worthless.

Central Cross Town Railway Co.	This company was taken over by the Metropolitan Street Railway Company many years ago. Again in 1911 the new company was sold under foreclosure to the New York Railways Co. In view of the fact that the stock of the Metropolitan Street Railway Co. is without value, we believe zero a fair value for the stock of the Central Cross Town Railway Co. at the present time.

Central Mexican Oil Company. Incorporated—Delaware, January 22, 1921. Capital—1,000,000 shares; par value $10. Purpose—As a holding company by

Name	Date Charter Forfeited	Vol.
the Kansas & Gulf Company of Delaware, for their Mexican properties, the Kansas & Gulf Petroleum Company of Mexico. Organized in order that American citizens as individuals, could purchase stock as it is not convenient for individuals to hold stock in Mexican companies. The Kansas & Gulf Company of Delaware, transferred 108,400 acres of their Mexican properties to the Kansas & Gulf Petroleum Company of Mexico. The Kansas & Gulf Company, of Delaware, transferred to the Central Mexican Oil Company all its right, title and interest in the Kansas & Gulf Petroleum of Mexico for 300,000 shares of the Central Mexican Oil Company stock. The remaining 700,000 shares were reserved for future development. About 225,000 shares were distributed as a stock dividend to stockholders of the Kansas & Gulf Company, of Delaware, in proportion of one share of stock of the Central Mexican Oil Company to each five shares of Kansas & Gulf of record. March 15, 1921. The balance of the 75,000 shares remained in the treasury of the Kansas & Gulf Company. On January 8, 1923, the Peer Oil Company was incorporated in Delaware as a holding company and acquired the properties and business of the Kansas & Gulf Company, control of which was secured through the exchange of one common share Peer Oil of no par value for 4.9 shares of Kansas & Gulf of $10 par value.

Central Pennsylvania Oil Company.	This company is located at Reading, Pa. Mr. J. P. Batdorf, attorney for the company at Reading, informed us that it is his opinion that the preferred stock of this company had little value as of Oct. 21, 1931. He also stated that some preferred shares were purchased at from $1.00 to $2.00 per share about the date of death. Therefore, we submit $2.00 a share for the preferred and zero for the common stock as of Oct. 21, 1931.

Cepear Oil Company, Ltd.	Incorporated under the laws of the Province of Alberta. We find that this company was taken over by the Union Pacific Consolidated Oils Ltd. and this latter company was struck off the register of Joint Stock Companies on Mar. 31, 1921. We find no trace of either company at the present time, and believe them both out of existence. As far as we can ascertain there is absolutely no market for the stock of either company.

Cerro De Pasco Mining Syndicate. This company was not incorporated. After the Chilian and Peruvian war Peru was short of funds. Mr. M. P. Grace loaned Peru a considerable amount of money and in return received mining concessions and the right to build a railroad to the mines. This syndicate worked on the road for a good many years and did not finish it. Peru in those days was very restless and before the completion of the road a new government was formed. This government cancelled all of the concessions. The Republic of Peru finished the road and gave the mining concessions to others. Mr. Grace not only lost his loan to Peru but lost all his concessions and railroad. The venture proved a failure and the shares and receipts for stock are without value.

Cerro De Pasco Tunnel & Mining Company. Incorporated Maine, 1902. Capitalization: 2,000,000 shares. Par value, $2. This company was the promotion of Mrs. Eleanor Rawls Reader who claimed it owned property in Peru. In 1905 a 7% dividend was paid on the preferred stock, money for which is said to have come from stock sales. The company has been reported out of business and its stock worthless for many years.

Cerro Gordo Mines Co. Supplementing our report rendered Oct. 20, 1932, Mr. W. I. Titus, attorney for Morton H. Eddy, Receiver, located at 711 Pacific-Southwest Bldg., Los Angeles, Calif., informed us that the stock has no value whatsoever due to the fact that the general claims against the corporation will more than consume its assets. In view of the above, we submit the shares as worthless.

Champaign Havana & Western Railway Co. Value of Preferred Stock. Organized May 10, 1879 and was located at Urbana, Illinois. Funded Debt—$1,000,000 First Mortgage Bonds; $350,000 Preferred Bonds. This road was consolidated in 1880 with the Wabash, St. Louis & Pacific Railway Company, and received 6% bonds of the new company for bonds of the old company. The Articles of Consolidation filed in Illinois on July 31, 1880, indicated that the Wabash, St. Louis & Pacific Railway Company acquired the property of subject company. This property, known as the "Havana Division" of the Wabash, St. Louis & Pacific, was surrendered on May 6, 1885, to Anthony J. Thomas, trustee, under order of the Circuit Court of the United States for the Eastern District of Missouri entered on or about April 17, 1885, and is now part of the lines owned by the Illinois Central Railroad. The property of the Wabash, St. Louis & Pacific Railway Company passed into the hands of receivers on May 29, 1884. The Wabash Railway Company informed us that as far as they were aware, the stock of the Champaign, Havana & Western Railway Company has no ascertainable value.

Chancellor Petroleum Company. Value of Certificates dated Sept. 9, 1920. Settles & Company of Fort Worth, Texas, informed us that it is their opinion that the above company is out of existence. Our Petroleum Register for 1921, listing all going oil companies, does not list this company. Orville Beall, Clerk of Court of Tarrant County, Fort Worth, Texas, informed us that they do not have the facilities for furnishing information on this type of company. In view of the fact that this company was never incorporated, but was a Joint Stock Association, and is not listed in our Petroleum Register for 1921, we believe that the company is out of existence and the stock worthless.

Chapple Publishing Company, Ltd.	This company publishes "National Magazine," "Heart Throbs" and "Heart Songs" and is located at 956 Dorchester Ave., Boston, Mass. Their balance sheet as of Jan. 1, 1931 carries publishing rights at $330,000, which in our opinion would not be worth anything at a sale. The assets in our opinion are only worth about $148,158.14, if that, and against this are loans of $207,165.71, which would leave nothing for the bondholders, and in view of the default in interest, it is our opinion that the bonds have only a nominal, if any, value as of January 29, 1931.

Chattanooga & Southern Railway Company. Incorporated Georgia and Alabama, 1890. Funded debt: $1,440,000 6% bonds. Property sold under foreclosure Feb. 14, 1895. Five installments of assessments were levied on the bonds amounting to $250 on each bond. Old stock was assessed $2.00 per share, payable Jan. 15, 1896. Each two shares of old stock on which the assessment had been paid received one share of new common stock in the new company. All security-holders who failed to pay their assessments were left out of the plan and the securities are without value.

Chem-Wood Manufacturing Co., Inc. N. Y. 1929.

Chemainus Valley Mining Company, Ltd. Incorporated under the laws of the Province of British Columbia on June 12, 1911. Directors: John L. Beckwith, Victoria, B. C.; Geo. N. Leiper, Philadelphia, Pa.; Edwin A. Garrett, Lansdowne, Pa. Address: 116 Belmont Bldg., Victoria, B. C. According to records this company is still in existence but letters addressed to the company are returned and marked "unclaimed." Letters to the officers remain unanswered. As far as we can ascertain there is no market for the stock which we believe has only a nominal, if any, value at the present time. A former officer has since advised that there has been nothing doing at the property for some years, and for a while there was hope that work would be started this year (1930) but due to the collapse of prices in copper the company will continue to remain stagnant. There is no market for the shares and it would be impossible to sell them at any price.

Chemical Industries Corporation. Incorporated—Delaware. Officers — Lewis Sanders, Vice-President; Andrew G. Loomis, Treasurer. Office—55 John Street, New York City. Mr. Sanders of New York City, informed us that the company had large pyrites deposits in Georgia, but were blocked by the lack of funds in Georgia for improvement, and the fall of real estate in Florida. The company could not operate on account of the above conditions and lack of capital. Private investors (officers) of the company had invested $100. for each stockholder's $1.00, and believe it is a hopeless case The officers are not the trustees and whether anything will ever be salvaged is just a gamble. Mr. Sanders, who has an office in New York, will be glad to furnish your customer with any other information he desires. In view of the above we submit only a nominal value for the common and preferred shares.

Cherokee Railroad Co. The Cartersville & Van Wert R. R. Co.'s name was changed to the Cherokee R. R. Co., and $300,000 worth of bonds of the company, under the new name, were endorsed for the purpose of taking up the endorsed bonds of the company under its original name. But the exchange was never made. Both classes were sold and the Bond Committee having ascertained that the State's endorsement was given illegally in both cases, the guaranty of the State on both classes being declared void. So there are no bonds of either the Cartersville & Van Wert or the Cherokee R. R. Co., whose State guaranty is worth anything. These bonds were declared void by Act of Aug. 16, 1872, confirmed by amendment to the Constitution, ratified in 1877.

Cherry Creek Farm Petroleum Company. Incorporated in New York State December 26, 1864 and was located in New York City. Our New York Securities Book for 1893 does not list this company as being in existence in 1893. Our New York Copartnership Directory for 1901 does not list this company as being in existence in 1901. It is our opinion that the company failed before 1893 and is out of existence. The company's limit of existence was 1924, when the company was dissolved by Proclamation of the Governor. It is our opinion that the shares are without value.

Cherry Creek Mines Company. Incorporated Arizona. This company had an office at Cherry, Yavapai County, Arizona. For several years back the company has been reported dead and we believe it so at the present time. The last quotations of which we have record were in July, 1924, when 5,000 shares were offered at market, no bid received. We believe the stock worthless at the present time.

Chesapeake & Ohio Canal Co.	6% Bonds. These bonds are a lien only on the tolls and revenue of the Canal as decided in the Canal Case in 83 Md. Report and the Canal has not been in operation for 7 or 8 years and is now in the hands of Trustees for the Bondholders of 1844, who have never been able to earn sufficient revenu to pay interest on these bonds. It is very unlikely that these bonds will have any value; there is no market for them at all and while there is a possibility that some day there may be some small payment to be made upon them if the Canal is liquidated this is so remote that we cannot say the bonds have any value but are worth retaining for the possibility that there may be some day a payment made upon them.

Chester County Iron Manufacturin Company.	We have searched our own files nd many other sources of information available to us, but can find no record of this company having been in existence for a great many years. It is our belief that the company went out of business a long time ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Chester & Iron Mountain Railroad.	Value of First Mortgage 7% bonds due 1897. Incorporated in Missouri and consolidated with Chester & Tamaroa Railroad before it built any of its road. The mortgage of the Chester & Iron Mountain R. R. has never been foreclosed, as there was never any property available, the contractors having seized and sold under execution all the assets of that company. The bonds of this issue were delivered to Jones & Schuyler of New York City, who informed the City Bank Farmers Trust Company that these bonds are of no value whatsoever. Therefore, it is our opinion that the bonds are without value.

Chicago Mill & Lumber Co. of Penn'a		2
Chicago, Millington & Western Railway Company. Our recodrs disclose that in August of 1887, a suit was brought by A. J. Warner to foreclose the mortgage given to secure these bonds. The property was sold in Chicago on August 15, 1879 to a Mr. Henry W. Bishop, Master in Chancery. The Clerk of the Circuit Court of Northern Illinois advised that no funds were in the registry of the Court for the payment of these bonds. Therefore, the First Mortgage Sinking Fund 7% Bonds due July 1, 1905, are worthless.

Chicago, New York Electric Air Line Company		2
Chicago, N. Y. Electric Air Line Railroad Co. Incorporated in Maine. This company was formed many years ago for the purpose of constructing and operating between Chicago and New York an overhead electric system which would allow trains to travel between the two points at 75 miles an hour. In June, 1907, a receiver was appointed in Chicago on application of dissatisfied stockholders, since when the proposition has apparently been a dead issue. In 1906 the capital stock was offered at $27 a share and in 1915 brokers offered the stock at 45 cents a share with no bids. The proposition was described as a dream and was widely referred to as the "hot air line". The company has apparently been for many years dead and there is absolutely no value for the stock. On December 19, 1914, at auction in Philadelphia, 100 shares common stock sold for $10 the lot and 2 shares preferred for $10 the lot.

Chicago & Western Coal Products Co. Supplementing our previous report, our letters addressed to the above company have not been answered nor returned. However, the Investors Protective Bureau inquired at the building where the company is supposed to be located and was informed that the company was not ever located there. Furthermore, the company is not listed in the telephone book. It is our opinion that the matter is in the hands of some lawyer and the company's name is kept out of the directory. The stock was originally offered in 1923 and there has been no value to the stock since then. It is our opinion that the shares are worthless.		
Chicago & Western Coal Products Corp. Incorporated in Delaware June 22, 1923 and is located at 105 West Monroe Street, Chicago, Illinois. We sent a letter to the company and it has not been answered nor returned. We have now written to our correspondent in Chicago and will send a final report in a few days.

Chicolo Consolidated Gold Mining Company.	Incorporated under the laws of the State of Colorado about 1902. We searched all our mining records since that date and failed to find any record of the company or of its operations; or any evidence that the stock ever had a value. The company was advertised as defunct and inoperative April 30, 1912, for failure to file annual reports or pay license tax as required by law. It is our opinion that the company went out of existence soon after incorporation, and the shares have no value.

Choate Oil Corp.	Consolidated 7s of 1922. This company's assets were all sold out at public sale pursuant to the order of the U. S. District Court for Oklahoma, at Oklahoma City, and the sale was confirmed by the Court on January 21, 1923. The sum realized was $37,500 which we were informed, was insufficient to meet the tax claims and other preferred claims and, therefore, there was no distribution remaining for the bondholders.

Churchill Hotel. This hotel was foreclosed under the first mortgage about five years ago. There was no one to stop the foreclosure and the property was sold by the Master in Chancery. The sale did not net enough to pay the first mortgage and the second mortgage are theerfore valueless. Proceedings were then instituted to wind up the affairs of the Churchill Hotel and it was duly dissolved, so there is no corporation and the bonds are absolutely worthless.

Cincinnati, Wilmington & Zanesville R. R. Co. This company was incorporated by special act of the Ohio Legislature passed Feb. 4, 1851. A Receiver was appointed March 3, 1857, and foreclosure proceedings were instituted in the United States Circuit Court for the Southern District of Ohio, under which a decree of sale was rendered April 25, 1859. The execution of this decree was suspended until October 21, 1862, when the Court ordered the decree of sale be executed, and the road was sold August 27, 1863 for $600,000 to Charles Moran, Trustee, for the benefit of the creditors and stockholders who entered into a reorganization agreement whereby the road was conveyed by deed dated March 12, 1864, to the Cincinnati & Zanesville Railroad Co., which company later defaulted in the payment of interest, resulting in the sale of the road in 1869 and its reorganization in 1870 as the

Cincinnati & Muskingum Valley Railway Company. At the time of the sale of the Cincinnati, Wilmington & Zanesville Railroad Company this company had outstanding: Stock $1,645,400, which was exchangeable for stock of the Cincinnati & Zanesville Railroad Company, at the rate of fifteen cents on the dollar. $1,300,000 First Mortgage bonds, dated April 15, 1852 maturity May 1, 1862 exchangeable for like amount of Cincinnati & Zanesville Railroad Company first mortgage bonds. $574,000 Second Mortgage bonds, dated Feb. 18, 1854 maturing May 1, 1864 exchangeable for like amount of stock of the Cincinnati & Zanesville Railroad Company. A third mortgage securing $1,100,000—7% bonds dated March 1, 1856 maturing March 1, 1876. There were in August 1857 $104,000 of these bonds sold, $896,000 hypothecated and $100,000 unissued. Of those bonds $158,000 were exchangeable at the rate of thirty cents on the dollar, for capital stock of the Cincinnati & Zanesville Railroad Company. There were also income Bonds issued, which were exchangeable for stock of the Cincinnati & Zanesville Railroad Company at the rate of fifteen cents on the dollar. The bonds of the Cincinnati, Wilmington & Zanesville Railroad Company mentioned in your letter now have no value, as they were not exchanged for stock of the Cincinnati and Zanesville Railroad Company at the time of the sale and reorganization of the former Company. Also when the Cincinnati and Zanesville Railroad Company was sold due to its default in the payment of interest, the amount received from the sale of the road was not sufficient to pay the principal amount of its First Mortgage bonds and entirely extinguished the value of all outstanding stock.

Citizens Insurance Company. Value of Capital Stock par value $20. This company was organized in 1849 as a reorganization of the Williamsburgh Fire Assurance Company. Due to unprecedented fire losses this company failed in 1902 and in 1909 distribution of its assets was completed. We were informed by the Insurance Department of New York in 1915 that the last report for the year 1909 showed assets of $12.39 and liabilities of $7,376.00. Frank Hasbrouck, Superintendent of Insurance in 1915, informed us that the stock had no value. In view of the above, we submit the shares as worthless.

City Federation Hotel, Inc.	This company operates a philanthropic hotel for working girls and is located at 462 West 22nd Street, N. Y. C. The stock was originally purchased at $5.00 per share and was more of a donation for the building of the hotel than as an investment. In most cases when the stockholder dies, the stock is returned to the company. The only way to sell the stock is to get some club woman to buy the shares. In view that the shares have no market value, we submit only a nominal value for the shares.

City of Cisco, Texas.	Value of Certificates of Deposit for Bonds. Principal and interest due September 1929 and subsequently has been defaulted. A bondholders Committee was formed and instituted receivership actions which were denied by the Federal District Court of Western Texas for lack of jurisdiction. Horace H. Sears, 120 Broadway, New York City, is Secretary of the Committee. Caldwell & Raymond, New York Counsel. Liberty National Bank & Trust Co., New York, Depositary. On December 12, 1931, 57 per cent of the bonds had been deposited. J. S. Todd & Company of Cincinnati, Ohio, is offering 2½ for Certificates of Deposit for various bonds of the City of Cisco.	
City of Cisco, Texas.	Value of Certificates of Deposit for Coupons. We were informed by Mr. C. P. Bullard, 120 Broadway, New York City, Chairman of the Bondholders' Protective Committee, that the value of the above mentioned Certificates of Deposit is problematical upon the outcome of the committee's operations. We understand that the committee is attempting to make some kind of a deal with the City of Cisco at the present time. Default was made on the September 1929 coupons, of which the Central Hanover Bank & Trust Company is paying agent. Until some satisfactory arrangement can be made with the City of Cisco, we submit only a nominal value for the Certificates of Deposit representing coupons on which interest has been defaulted.

Clara-Swansea Mining Company. The property consists of sixty full size mining claims held as one group. A very large amount of money has been expended upon this property for developments and improvements, and during the many years of its operation a very large tonnage of mineral has been extracted. The property is now being operated under a fifteen year lease by the American Smelting and Refining Company, who pay a royalty to the Clara-Swansea Mining Company of ten per cent of the smelter returns. The company owns, in addition to the real and personal property above enumerated, more than ninety per cent of the capital stock of the Arizona and Swansea Railroad Company. This railroad extends from the town of Bouse on the Atchison, Topeka and Sante Fe Railway to the town of Swansea, a distance of approximately twenty-one miles. It is standard gauge and in daily operation. The capital stock of the Clara-Swansea Mining Company consists of 3,000,000 shares, 1,000,000 shares of which is 7 per cent preferred, and 2,000,000 shares of common stock, both of which have a par value of $1 per share. During the past four years the company has expended large sums of money for developments and improvements, and the property is now beginning to produce some revenue. Almost all of the capital stock of both kinds is held in Europe, principally in France, and only a very small percentage is held in America, principally in Los Angeles. This office has no information regarding the market value of the shares, but it is our understanding that some stock is being sold in Paris. The entire capital stock of the company is issued, and there is no stock in the treasury of the company.

Clearfield Creek Coal Company. Value of First Mortgage 5% Bonds due 1918 and 1942. This Company was incorporated in Pennsylvania and was located at Clearfield, Pennsylvania. The company was reported as dissolved in 1896. The Central Trust Company of New York was trustee for the bonds. The Corporate Trust Department of the Central Hanover Bank & Trust Company informed us that the Receivers Certificates received only 40 cents on the dollar, leaving no equity for the above bonds. In view of the above, we believe the bonds are worthless.

Clements Farm Oil Company of Ohio. Incorporated May 1, 1852, Morgan County, Ohio. Capital $200,000. Officers: John M. Hall, Pres.; James H. Boone, Secy. We are advised by the County Clerk at Morgan County that the last record of a partnership of which he has record was in 1897. The charter of the company was cancelled on Aug. 27, 1914. We are also advised that Mr. Hall died some time ago and the company he was interested in had not been a success, and accordingly went out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Cleveland City Cable Railway Company. Historical records show that the Cleveland City Railway Company was the consolidation, June 1, 1893, of the Woodland Avenue and West Side Railway Company and the Cleveland City Cable Railway Company, and that on July 1, 1903, the Cleveland Electric Railway Company (predecessor of the Cleveland Railway Company) purchased the franchises and other property of the Cleveland City Railway Company. No detailed records are immediately available, but it is known that about 1889 the Cleveland City Cable Railway Company changed from horse operation to cable operation at great expense and then to electric operation. No provision was made in 1903 for the stock of the Cable company. In view of the foregoing, it would seem that the Cleveland City Cable Railway Company stock certificates have no value.

Clifton Mining Company. Incorporated in New York State about 1872. The mines of this company comprised of 320 acres near Norwich, N. Y. This old mine dates back to 1852 when it was opened. After taking out only a few tons of copper, the mine closed down in 1855. Apparently this company was formed to revive the mine, but was unsuccessful. The company is out of existence and we believe the shares are without value.

Climax Compression Tube Company of N. Y., Inc. Value of 5 yr. 8% Gold Notes Due 1927. Incorporated March, 1919, in Arizona to manufacture pneumatic inner tubes so designed that they will not leak air when punctured. In 1923 the company was reported to have been in some difficulty, due to changes in the design of moulds and other reasons. The plant in Buffalo, formerly owned, was understood to have been sold and so far as we have been able to discover, the 8 per cent. bonds had little behind them and are in reality notes. The Lafayette National Bank of Buffalo, New York, now Marine Trust Company, was the paying agent for the bonds. The Marine Trust Company informed us that the company is out of business. The venture apparently failed for we have no such inner tubes today. The bonds, which are only notes, were not secured by any property, and when the company went out of existence the notes became valueless. Company went into bankruptcy eight or ten years ago and about 1927 its properties were sold.

Clove Branch Railroad Company. Incorporated—November, 1868. Company owned and operated 4.25 miles of road extending from Clove Branch Junction to Sylvan Lake, N. Y. Capital—$150,000. Office—Matteawan, N. Y. We are advised that this road has been out of business for a great many years, having gone into bankruptcy and even the rights of ways were sold. We do not believe the stock has any value. We are informed by the New York, New Haven & Hartford Railroad Company, that it was never a part of the Central New England Railway Company. They understand, however, that it was at one time leased to the Newburgh, Dutchess and Connecticut, but that this lease terminated in 1898, when the operation of the road ceased.

Coal River Collieries. Incorporated—West Virginia. Capital—$2,500,000. Par Value—$100. Office—Washington, West Virginia. This company was adjudged bankrupt by the U. S. District Court of the Southern District of West Virginia on July 16, 1928 and the matter is still pending before Mr. Houston G. Young, Referee in Bankruptcy. Mr. Young advises us that it is not possible that there should

Coast & Lakes Contracting Corporation.	Incorporated—New York. Office—25 Broad Street, New York City. Officers—Richard M. Atwater, Jr., President; Daniel J. Boylan, Vice-President; Jesse Myers, Secretary; Thomas Tannock, Treasurer. Company was reported dissolved in 1926. Mr. Thomas Tannock, Treasurer, informed us in 1920 that the liabilities exceeded the assets by $500,000, and that when the company went out of business the situation did not change. In fact, we called Mr. Tannock on the 'phone, and he informed us that the stock had no value for the company had little assets but plenty of liabilities.

Coast Tire & Rubber Company. Incorporated in California and was located at Oakland, Calif. On Aug. 11, 1923 a temporary receiver was appointed. The directors of the corporation were indicted by a grand jury in San Francisco on charges growing out of the management of the company. On July 12, 1924, a company of the same name was incorporated in Nevada to take over the assets of the Coast Tire & Rubber Company of Calif. The old company failed through the alleged illegal operations of Jesse J. Eiseman and his associates, who were then under sentence to San Quentin for violation of the Corporate Securities Act. We found in 1925 that a broker in San Francisco now out of business was bidding $1.01 per share for the preferred stock. We do not know the reason for the bid, unless the broker had some stock he wanted to get rid of.

Cobalt Central Mines Company. Incorporated in Maine and had an office at 37 Wall Street, N. Y. C., in 1909 and Cobalt. According to reports the company paid a dividend of 4% in 1909. We found the following sales at auction: 1913 (March 21) 2500 shares at $17 the lot; 1915 (Aug. 28) 3500 shares at $30 the lot. A few years after 1909 no further trace of the company could be found. Our mining records from 1907 to 1917 does not mention this company. In 1916 and 1917 our company reported the stock as worthless. In view of the above we

Coco-Cola Bottling Company of Scranton, Pa.	We are advised that this company was marked off the active records in 1928. Previous to this the company filed an "out of existence affidavit" affirming that they had ceased to do business January 1, 1920 and the purpose for which the company was chartered had been permanently abandoned. Our records disclose that Theo. S. Ellis, Dorranceton, Pa., was treasurer; we have written several letters to him, none of which have been answered. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

It is our understanding that there is at the present time a movement to attempt to finance this company so that they may again operate and that they are selling stock at 50 cents a share, par value of same being $1 per share. However, as far as we know at this time they have been unsuccessful in their attempts to secure finances, and the only operation going on is of very minor importance. We have no information as to the personnel of the officers or Board of Directors but understand that L. F. Kennedy, Grand Canyon, Arizona, is the Secretary.

Coeur d'Alene Federal Mines Corporation. Incorporated in Maine and filed its last return in 1919 and was excused March 17, 1920, having ceased to transact business. The last known officers were: President, Millard F. Cottrell, 761 Washington St., Brookline, Mass.; Charles D. Booth, 57 Exchange St., Portland, Me. This company can be revived by paying the back taxes. If metal prices ever come back this mine is liable to start up again. At present we do not believe the shares have any value.

Colonial Real Estate Trust.	Operated as a voluntary trust under the laws of Massachusetts about 1897. We are unable to find any trace of this company for a great many years and believe it out of existence. Letters addressed to the persons connected with the company have been returned and marked either "unclaimed" or "deceased." In view of the above we believe the securities of this Trust without value at the present time.

Colorado Banner Mining Company.	Incorporated in Arizona, December 16, 1909, and since said date has failed to file reports or pay registration fees, annually, as required by law. This company will be declared legally dead when legislative appropriation shall be made for such purpose. Our mining records and Mines Handbooks for 1909 to 1912 do not list this company and it is our opinion that the company had never gone beyond the development stage, for most of these properties were either salted or no metal was found that was worth mining. Our stock books never listed the stock as having any value, nor did we find any evidence that the stock ever had a value. It is our opinion that the shares are worthless.

Colorado Gas and Fuel Company.	We found that this company was listed in our Petroleum Register for 1929 and not in 1930. The Exchange National Bank of Tulsa, Okla., informed us that in 1930 they attempted to obtain some information on this company, and after an extensive investigation in Tulsa and Denver, failed to find a company of this name in existence. In view of the above it is our opinion that the company went out of business in early 1930, and the stock should be deductable as a loss for that year.

Colorado-Utah Construction Co. Incorporated in Colorado to build the Denver, Northwestern & Pacific Railway Company. Of the latter company's bonds $10,000,000 were deposited as collateral for $4,000,000 6% 2 year notes of the subject company which notes were put up as collateral to secure $3,500 of notes of the Denver Railway Securities Company, which were in default in 1912. The principal and interest of the notes was guaranteed by David H. Moffat. The Denver Railway Securities Company was incorporated in 1911 to take charge of t Moffat Estate. This company went into receivers' hands in 1912. The property of the Denver, Northwestern and Pacific was foreclosed and sold in 19' for $3,000,000, leaving no equity for the capital stock of the subject company which is without value.

Columbia Graphophone Manufacturing Company—Incorporated under the laws of Delaware Dec. 1917. Purpose: To succeed the American Graphophone Company, incorporated May 3, 1887, in West Virginia. The stock of this company is of no value. Following the bankruptcy and receivership proceedings of the subject company, its assets were sold under court order to pay creditors. The proceeds of the sale netted the creditors something like 27 cents on the dollar, leaving nothing for distribution to stockholders. The charter of the company was forfeited April 6, 1925. Therefore, we submit the shares as worthless as of Dec. 22, 1931.

Columbia Ice Company.—Incorporated January 13, 1915 under the laws of Delaware, and is in existence with offices at 6815 Hamilton Avenue, Pittsburgh, Pa., and the following are the names of the officers: Pres., J. R. McKinley, 205 S. St. Clair Street, Pittsburgh; Vice-Pres., A. E. Crandall, 7003 Penn Ave., Pittsburgh, Pa.; Sec. & Treas., A. P. Harg. This company since its incorporation, 15 years ago, has paid dividends to the stockholders averaging 8½% annually; 1928, 9%; 1929, 10%; 1930, 10%. The company has no debts of any kind and carries a substantial bank account bearing interest. It has outstanding 2052 shares of stock, par value $100 per share. It is very difficult to give a market value at the present time, due to the present conditions, but as of Sept. 5, 1929, we believe a fair value of the stock was par or $100 per share. We believe this a fair value as of Sept. 5, 1929.

Columbia Mining Company. Incorporated in Wisconsin, March 10, 1892, with corporate location at Alma, Buffalo County, Wisconsin. On August 27, 1896, an amendment was filed increasing capital stock from $1,000,000 to $2,000,000. This amendment was signed by Geo. Ritzinger, President and L. P. Hunner, Secretary, both of Eau Clair, Wisconsin. The company has failed to file a report for many years and as a result its charter was forfeited March 1, 1907, since which time we have been unable to find any trace of it. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Columbian Sterling Publishing Co.—Incorporated under the laws of the State of Delaware in 1911, as a consolidation of the Western Magazine Publishing Company, Hampton's and the Columbian companies. A bankruptcy notice was published in the New York Times of November 1, 1911 appointing A. Gordon Murray receiver. A bid of $10,000 made by a committee of stockholders was approved and a company called the New Hampton Publishing Company was formed. The old stockholders under the terms of the agreement were to receive part of their holdings in Common Stock of the New Hampton Publishing Company. In May, 1912, the New Hampton Publishing Company suspended publication and a receiver in dissolution was asked for. No equity for stockholders. We submit the stock of the Columbian Sterling Publishing Company as worthless.

Columbus, Sandusky & Hocking Railroad Co.	The First Mortgage of the Railroad Company dated November 9, 1895, was foreclosed in the Circuit Court of the United States for the Southern District of Ohio, Eastern Division. On page No. 11 of the Decree of Confirmation and Distribution entered October 8, 1902, the Court ordered set aside and deposited with our predecessor, the Mercantile Trust Company, the sum of $30,000 to await the final adjudication of claims of certain holders of First Mortgage Bond Scrip, which claims had been adjudicated. The certificate above mentioned does not appear in the order as one of the claims adjudicated. It would therefore appear not to be entitled to any part of the fund set aside. However, in a Supplemental Decree for Distribution and Consent entered December 29, 1902, the Court, after noting that certain holders of scrip had taken an appeal, ordered that the fund of $30,000 be released and distributed pro rata among the holders of the First Mortgage bonds. In the final order of distribution entered April 1, 1909, it is stated substantially as follows: The orders apportioning the payments on account of certain specified First Mortgage Bonds are made to effect the adjustments ordered by the decree of October 8, 1902, so that the beneficiaries of said bonds shall receive the payments to which they would have been entitled if no part of their distributive shares had been withheld by said decree to await the adjudication of the claims of certain holders of First Mortgage Bond Scrip, for which the $30,000 was reserved by said decree. From the above it appears that all of the First Mortgage Bond Scrip of Columbus, Sandusky & Hocking Railroad Company has no value.

Comet Mining Company of Arizona	— Incorporated New York State Nov. 3, 1887, and had their main office in New York City. The company apparently went out of business before 1898 for our Mining Record does not list the company as holding any mining claims at that time, nor was it listed as a going concern. According to the Secretary of State the company was dissolved by proclamation and is a defunct corporation. In view of the above we submit the shares as worthless.

Commercial Investors, Inc.	Incorporated in New York State in 1928 to deal in securities, and their place of business was located at 15 Park Row, New York City. We failed to find any record of this company after 1929, nor any trace of its officers. It is our opinion that the company failed in the market crash of 1929 and is now out of business. We have found no evidence that the V. T. C. for Capital Stock ever had a value. It is our opinion that said certificates had no value as of April 5, 1932, and submit them as such as of that date.

Commodore Mining Co.	This Co. was incorporated under the laws of Colorado, and the principal office of the Co. is located at Denver, Colo. The Reynolds-Morse Corp. of 1555 Sherman Street, Denver, Colo., informed us on March 26, 1931, that Commodore ore is entirely silver, no other metal. The lessees cannot work with silver under fifty to sixty cents per ounce and the mine is closed until silver prices recover. The last sale of stock they know of was made a year ago at two cents per share. They informed us that they may be able to get a bid around three-quarters of a cent per share, but advised holding.

Commonwealth Mining Co. Incorporated Jan. 8, 1924 in Arizona and their present address is in care of Wm. Westover, Yuma, Arizona. It is reported that the company owns 6 claims, 120 acres, on Harcuwar Mts., Ellsworth district Yuma Co. Arizona. Copper is the principal metal, but gold and silver are present; ore assays 8 to 15% copper. The last reports were that the company did some development work in 1926 and 1927 and have not reported any activity since. It is our opinion that the low price of copper has prevented the company from making any progress. There is absolutely no market for the stock, and we do not believe the stock has more than a nominal value.

Commonwealth Oil & Gas Company. Organized in Illinois February 17, 1922. Capital—$75,000. Address of company—Mundelein, Ill. Officers—H. A. Watson, President, Mundelein, Ill.; L. A. Murrie, Secretary, Mundelein, Ill. We are advised as follows by one of the officers: "The above company is still doing business, but only in a small way producing only enough oil to pay the running expense. Crude oil is very cheap and hard to find a market for same. I do not know the value of the stock or where it can be sold. I am afraid it is just oil stock."

Community Filling Stations Corporation of Long Island. This corporation is located at 2 Park Place, Williston, Long Island. The stock is closely held and there were no sales at any time near August 4, 1931. The company pays a 10% dividend, the last was paid in October of this year. However, a Mr. Stanley, who is an officer of the corporation, informed us that he has a party who will pay $100 a share for the preferred stock, and would have paid the same amount on August 4, 1931. Therefore, we submit $100 per share as a fair value for the preferred stock as of Auust 4, 1931.

Compiling Co. of America. Incorporated in New York 1912. Capital $5,000. Par value $100. Officers—Robert Le C. Holvey. We are unable to find any trace of this Company for a number of years and believe it has gone out of existence. On June 29, 1929 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Connecticut Zinc Company. Incorporated in Connecticut, November 2, 1899, but is no longer in existence, its charter having been forfeited for non-payment of taxes in 1904. The last reported officers were: President, Linns B. Plimyston; Treasurer, Herbert S. Ballard, 21 Marshall St., Hartford, Conn. We are unable to find any trace of this company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Consolidated Alaska Co. This company is a reorganization of the Alaska Bonanza Mining, Trading & Transportation Co. Authorized capital, $2,600,000. The company stated that it held 200 claims of 20 acres each, on the Seward Peninsular, Alaska, all of which are unpatented. Company only had a location title to property. In 1918 the property of the company was reported idle for several years and we find no trace of the company having resumed operations. As far as we can ascertain there is absolutely no market for the bonds, which we believe are valueless at the present time.

Consolidated American Oil Companies. Incorporated—Arizona about 1924. We understand this company was taken over by the Trinity Oil Company and subsequently by the LaPaz Oil Corporation, but we are unable to find any record of either company having been in existence for a number of years. We believe the companies out of existence and their stock worthless at the present time. On January 2, 1926, 600 shares of Consolidated American Oil Companies stock sold at auction for $2. the lot.

Consolidated American Reduction Company. Incorporated—New York, July 1895. Capital, $400,000. Officers: Sam M. Roosevelt, President; John B. Milley, Secretary; Daniel R. Case, Treasurer. This company was put in the hands of receivers about March, 1898 as claims against the company for personal taxes aggregating $2,126 in Brooklyn were pressed for collection and the company had no money to pay them. Liabilities at the time were placed at about $72,000. We do not find any trace of the company for a great many years. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Consolidated Factors Corp. Officials convicted of conspiracy in sale of stocks. The following information taken from the Commercial & Financial Chronicle, June 6, 1931: Oscar Greenstein, President, and Leon S. Pelz, Treasurer, were found guilty of conspiracy to use the mails to defraud in the sale of stock of the corporation, in a verdict June 1 by a jury in Federal Judge William Bondy's Court. The defendants, who began a partnership in 1922 on a joint capital of $1,000, are alleged to have taken in about $16,000,000, of which $2,000,000 was said to have been lost by the public through the sale of stock and the transfer of stock in the corporation. The corporation failed on April 26, 1930, owing $4,363,000 to stockholders and banks. Pelz and Greenstein were indicted four months later following an investigation begun by the National Association of Credit Men. The indictment charged that the defendants issued a false statement on December 31, 1928, to make it appear that the corporation had assets of $7,913,465 and liabilities of $4,734,311. The Government alleged that the defendants, who were formerly heads of the Pelz Greenstein Corp., changed the name of that concern to Consolidated Factors, offices of which were at 200 Madison Avenue, and sold stock through A. J. Roberts & Company, which borrowed against fictitious accounts to bolster up the book assets of their corporation. Greenstein and Pelz, it was charged, padded their accounts receivable from dummy concerns to the extent of $1,500,000.

Consolidated Feldspar Corporation. Address—Trenton, New Jersey. Mr. H. P. Margerum, President, informs us that the Consolidated Feldspar Corporation, and subsidiaries, managed last year to about break even, which is very fortunate, considering the trend of business. The year 1930 was about 25% off in tonnage, and about 40% off in dollars and cents. He does not know of any sales that have been made lately, and, therefore, cannot give you any idea of a market value. The book value of this stock is well over $100. (1931)

Consolidated Franklinite Company. According to the certificate of stock, the company was incorporated in New Jersey, March 8, 1860, under a Special Charter. The Secretary of State reports that they have no record of the company. We have traced the company through the New Jersey Corporation records from 1860 to date and fail to find a company with the above name. We believe that the company never operated and the stock is worthless.

Consolidated Progressive Oil Company. Incorporated—Delaware. We are informed that this company is a subsidiary of the Lewis Oil Corporation of 25 Broadway, New York City, and are advised as follows by a member of the latter company: "The stock of said company has no market value that I know of, and what its book value may be is hard to say as the company has no permanent assets, but has a contingent asset in litigation against the Standard Oil Company of Louisiana for crude oil which they contend was illegally taken from their properties for a number of years." The consolidated stockholders have an interest of 15% of any amount that may be recovered in said litigation.

Continental Candy Corp. Incorporated in New York State May 27, 1919, and was located at 37 Wall Street, N. Y. C. In 1921 the company went into bankruptcy and after some delay the assets were liquidated and the proceeds were distributed to the creditors. It was reported that the secured creditors were paid in full and the unsecured creditors received about 11-2/3% of their claims, leaving no equity for the capital stock, which is without value.

Continental Commercial Company. We have searched our own records and many other sources of information available to us, but can find no trace of a Missouri corporation with the above title. We do, however, find a Maine corporation bearing this title that was dissolved on October 1, 1912. It is our belief that the company is out of existence and that its stock was worthless as of September 5, 1929.

Copake Lake Pure Ice & Water Corporation.	Incorporated in New York, Sept. 11, 1926, and had an office at 70 E. 45th St., New York City, in 1929. It was reported the latter part of 1929 that the company had gone out of business. We failed to find any further record of the company, and its officers, nor any evidence that the stock ever had a value. Therefore, it is our opinion that the shares are worthless.

Copper Belle Mining Company of Arizona. Incorporated under the laws of Arizona and formerly had an officer at 43 Wooster Street, New York City. A letter to a former officer of the company in 1917 reported that the company has been practically out of existence for six years—the property having been sold to satisfy a mortgage, and that the stock was worthless. In view of the above we submit the shares as worthless.

Copper Chief Mining Company, Ltd.—We are unable to find any record of a company with the above title that was incorporated in Washington around 1925. There is, however, a company that was incorporated about 1907, this company maintained an office at Spokane, Washington. However, this company did not file annual reports or pay fees and accordingly, its charter was forfeited on August 23, 1909. We find no record of it since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Copper Reef Consolidated Mines—Grant Curry, 425 Union Trust Building, Pittsburgh, Pennsylvania, informed us that the stock has no value. The company abandoned their mining claims and building which were of small value, and have no assets upon which a value for the stock may be based.		
Copper Ridge Mining Co.		2
Copper River Copper Company — Incorporated, Arizona, 1907. Capital, $10,000,000. Par Value, $1. Officers: Robert Linn, President; Dr. C. A. B. Peters, Vice-President; Geo. Ackler, Secretary; M. V. Little, Treasurer. The company had an office at Boston, Mass., but as early as 1908 letters addressed there were returned unclaimed. In 1910 the company was reported dead and we find no trace of it since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.
